

REMARKS

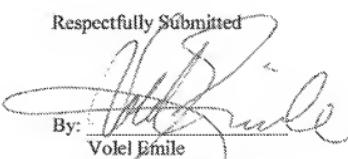

In this Office Action, the Examiner objected to the TITLE of the Invention and rejected Claims 6 – 11, 17 and 18 under 35 U.S.C. §101 as being directed to non-statutory subject matter. Claims 6 - 11 and 17 - 24 were indicated as allowable provided that the 101 rejection of Claims 6 – 11 is overcome.

Applicants thank the Examiner for the suggested TITLE. However, Applicants have provided a TITLE that is more representative of the invention.

Again, Applicants thank the Examiner for the suggested limitations to overcome the 101 rejection. In this case, Applicants have adopted the examiner's suggestion and have amended independent Claims 6, 11, 17 and 18 appropriately.

Based on these changes, Applicants believe that the Application is in proper condition for allowance and kindly request reconsideration, allowance and passage to issue of the claims.

Respectfully Submitted
